DUX®

B&O

"At DUX we are proud of our many successful partnerships and collaborations throughout our history. So, when the opportunity was presented to collaborate with a highly admired Scandinavian brand that shares many of our beliefs and values like Bang & Olufsen, renowned for the highest quality technology and products, it was an opportunity not to be missed and we are thrilled with the resulting product we are launching."

Kevin Slade
Director of Growth at DUX

"We're pleased to be joining forces with Duxiana in bringing Bang & Olufsen's excellence in sound, design and craftsmanship to the bedroom. With our equally rich heritage in design innovation, and dedication to longevity and circularity, this collaboration is an example of great brand synergies, beautifully integrating technology into the sleeping realm."

Tiina Karjalainen Kiersch,
Head of Design at Bang & Olufsen
